### NOTICE TO SHIPBUILDERS AND OTHERS.

WITH reference to the war now in progress between Russia and Japan, the attention of Shipbuilders and others is called to the provisions of the Foreign Enlistment Act, 1870 (33 and 34 Vict., cap. 90), sections 8, 9 and 23, which indicate their duties and liabilities in the matter of building and equipping ships which are intended to, or may, be used in the military or naval service of the belligerents.

Section 8 provides that any person within His Majesty's Dominions who without Royal Licence builds, commissions, equips or despatches any ship with intent or knowledge or having reasonable cause to believe that the same will be employed in the military or naval service of the belligerents, shall be liable to FINE and IMPRISONMENT and the FORFEITURE of the ship and equipment.

Any person building or equipping such a ship in pursuance of a contract made before the commencement of the war, shall not be liable to these penalties if—

- (i.) Forthwith upon a proclamation of neutrality being issued by His Majesty he gives notice to the Secretary of State that he is so building, causing to be built, or equipping such ship, and furnishes such particulars of the contract and of any matters relating to, or done, or to be done under the contract as may be required by the Secretary of State:

## DOMINION ORDERS IN COUNCIL.

(Ref. 460,207.)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 23rd day of March, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR-GENERAL  
IN COUNCIL.

WHEREAS under the Regulations for the disposal of coal lands, the property of the Dominion Government in Manitoba, the North-West Territories and British Columbia, established by Order in Council dated 19th May, 1902, provision is made for the sale of lands containing anthracite coal at an upset price of \$20.00 an acre, and for coal other than anthracite at an upset price of \$19.00 an acre, subject to the payment of royalty at the rate of ten cents per ton of 2,000 pounds on the output of the mine ;

And whereas it is represented that settlers in the vicinity of coal mines have in the past been able to secure their supply of coal for fuel purposes at the rate of from \$1.00 to \$1.50 per ton, delivered at the pit's mouth ; but that recently, where only a limited number of mines are being operated in any locality, there has been a tendency on the part of the mine owner to object to this class of trade, as loading the coal directly into cars is probably more convenient for him than disposing of it to the settler ;

And whereas there appears to be no reason why the settlers should be required to pay an additional price for having the coal carried by rail to the nearest station if they can have the hauling done themselves,—

Therefore, the Governor-General in Council is pleased to order and doth hereby order that the Regulations for the disposal of coal lands above referred to be amended by providing that all sales of such lands shall in the future be made subject to the provision that actual settlers shall be entitled to buy, at the pit's mouth, whatever coal they may require for their own use, but not for barter or sale, at a price not to exceed \$1.75 per ton, and that the patent which may be issued for coal lands shall be made subject to such provision.

JOHN J. MCGEE,

Clerk of the Privy Council.
